We invite you to exhibit at the ICM2018 in San Francisco. The ICM is an international conference series held every three years, last hosted in the USA 33 years ago, for researchers of fundamental and applied magnetism. The ICM2018 will run concurrently with the International Conference on Strongly Correlated Electron Systems (SCES2018). As an exhibitor, you will have direct access to more than 2000 attendees from all over the world with a broad range of interests in magnetism and magnetic materials. We invite companies to exhibit instrumentation, materials, process tools and other products of interest to professionals in magnetism and associated technologies.
